

# Upgrade Your Neck-Top Computer® with Buzan's Mind Mapping®

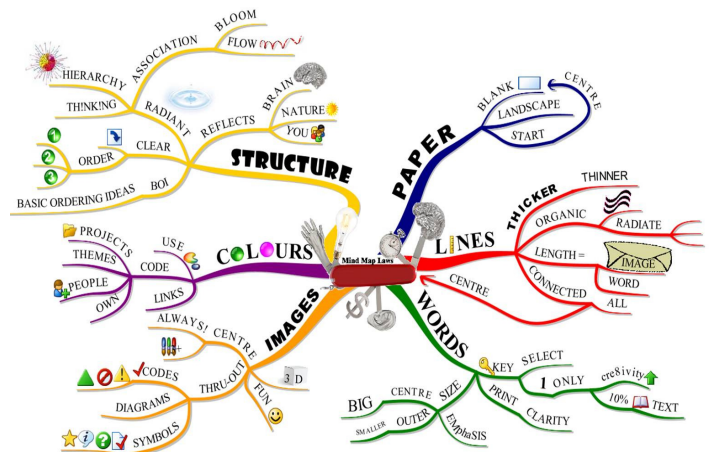

## Radiant thinking to organise thinking and develop winning new Ideas

**Objective:** Developed by **Tony Buzan** – the Mind Map® is one of the most empowering and useful tools in the Deliberate Creative Thinking arsenal, now used by an estimated 250 million people around the world. Tapping into the way the brain actually works, Mind Mapping allows thinking to radiate from a central focus while providing a holistic picture of the situation. This program looks at the practical application of Mind Maps and participants will learn to:

- **Unlock the power of radiant thinking** by taking a look at how the brain really works
- **Develop Mind Maps that capture complete concepts** and develop new ideas
- **Capture and comprehend information** easily with greater completeness and clarity
- **Use Mind Mapping to plan** activities of all types
- **Create Mind Maps** individually and in teams

**Benefits:** By understanding the way the brain really works and applying the Laws of Mind Mapping to organise and develop thinking, Mind Maps allow people to:

- ✓ Plan major projects and other activities in a fraction of the time normally needed
- ✓ Capture and comprehend vast amounts of information relevant to their focus for study
- ✓ Work creatively individually and in highly collaborative teams
- ✓ Generate winning new ideas related to the task being worked on

**Duration:** This is a fast paced introductory workshop, presented by Jennifer Goddard or Bill Jarrard, Directors of the **Buzan Centre: Aust/NZ @ Mindwerx International**.

*"I felt it was the key I had been looking for to unlock unlimited potential and I can see many uses to put it to. Can't wait!"*

... Brian Varney

*"Loved it!! It was fantastic and I can see how I can apply it in both my professional and personal lives. As a lawyer I need tools and techniques to remember complex data and information, I need planning techniques and keeping things fun and interesting. Your course did that for me."*

... Pet-Gai McLaughlin

*"Learning how to learn is life's most important skill."*

... Tony Buzan
